Montessori Moment

Did You Know?

Children in Montessori schools learn by working with specially designed materials. Rather than memorizing math facts, they begin by counting and adding concrete materials. They use little objects and a set of wooden letters known as the *movable alphabet* to learn to read and write. Maria Montessori observed that children need to move and learn through experiences, rather than through sitting and listening to a teacher.

SNOW AND EMERGENCY School Closings

The winter season will soon be upon us. It is time to start planning for school closing or early dismissal. It is important to discuss with your child your plan for early dismissal due to inclement weather.

Following are some reminders concerning school cancellations:

- The decision to close school is made at Longfellow Administration Building
- Closing announcements will be made between 5:15 am and 6:15 am if possible. Announcements will be made through School Messenger as well as on local radio and TV stations.
- Closing school during the day will be announced in the same manner. **Please do not call school and ask if school is closing.** We are notified at the same time the radio and TV stations are contacted.
